

## Stud Service Information and Protocol

All Stud Fess are set at \$1,000.

A Service Fee of \$200 is due at the time of breeding. The balance of the Stud Fee (\$800) is due within one week of the bitch delivering her litter.

If the bitch fails to produce a litter, (2 live puppies constitute a litter) a repeat service will be given to the same bitch, OR, any other bitch owned by you, to any of my Stud Dogs. (Minus the service fee)

The bitch owner is responsible for ALL shipping charges, as well as charges for extenders, and shipping boxes. I do keep some boxes and extenders on hand, and can provide them for the fee of \$75 each. But please check with me first to make certain that I do have them.

Regarding shipping:

- All shipping charges **MUST** be prepaid. It is strongly recommended that the bitch owner open up their own Fed Ex or DHL account.
- There is no charge for opening up an account, and both can be done online in minutes.
- Links to [Fed Ex](#) and [DHL](#)
- If shipping overseas, it is the bitch owners responsibility to arrange for any form's, duties or taxes, as well as arrangements for shipping. (i.e. time schedule's etc)

We ask that you utilize progesterone testing for your bitch, and give us the results in a timely fashion so arrangements can be made with enough time to get the semen to you when you need it.

We have provided this information as a rough guideline as to what to expect to ensure that the breeding is a successful one. If you have any other questions or concerns, please do not hesitate to ask.
